

LETTER OF RECOMMENDATION
RE: KYLE SMOLSKY
DECEMBER 2012

To Whom It May Concern:

It is a pleasure to write a letter of recommendation for Kyle Smolsky. He was under my supervision at Springford Area Senior High School where he taught Social Studies. Kyle's second placement was at Methacton Area Senior High School teaching Social Studies.

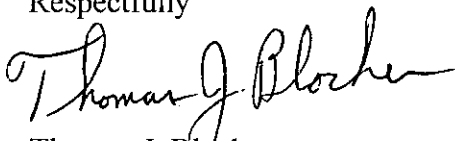

Kyle has a thorough understanding of social studies concepts and knows how to relate this knowledge to his students. He was able to make the concepts interesting and easy to understand for his students. Students were able to relate to his style of teaching. He is a natural and taught with confidence. He possesses the characteristics and traits necessary to be an excellent teacher. He accepted suggestions and implemented them immediately in his lessons. Kyle knew how to use technology in his lessons and effectively used it during his teaching.

Planning and preparation skills are excellent. Kyle knew how to get the best out of his students. He was able to adapt to their individual needs and as a result the students learned the material being presented. Kyle had a sense of enthusiasm that generated a positive learning environment. He worked well with fellow colleagues and was very flexible and more than willing to do whatever was asked of him.

Kyle will be an asset to any school district that hires him. Kyle is a great individual and has a personality too match.

I give Kyle Smolsky my highest recommendation and do so without reservation. If you have any further questions feel free to call me at home 610 367-9859 or on my cell at 610 306-7001.

Respectfully
